Special Educational Needs in the Primary School: A Practical Guide (3rd Revised edition)

By Jean Gross

Open University Press. Paperback. Book Condition: new. BRAND NEW, Special Educational Needs in the Primary School: A Practical Guide (3rd Revised edition), Jean Gross, Reviews of the first two editions: "extraordinarily rich in ideas, an essential buy." - TES "an excellent, clearly written work which is full of practical advice, and presented in an easily readable manner. This book is a highly recommended read. Do buy it and see." - Support for Learning "has proved especially influential at practitioner level, never failing to offer a balanced assessment." - British Journal of Special Education "I have a comprehensive library of books on special educational needs but I use this one more than any other because I find it readable, practical and accessible. It is a useful and informative book both to read cover to cover and to dip into. Although it is based on sound theoretical knowledge, it is clear that Jean Gross is writing from her own experience as a teacher and SEN practitioner." - TES Recent legislation and cutbacks to central support services mean that the responsibility for meeting special educational needs is resting ever more squarely on the shoulders of ordinary classroom teachers. Yet few feel wholly confident in...

Reviews

Without doubt, this is the very best function by any writer. It typically will not charge too much. I discovered this publication from my dad and I encouraged this pdf to discover.
-- Clement Stanton

Very good e book and helpful one. It was written quite properly and helpful. I am quickly could possibly get a enjoyment of looking at a composed book.

Guidelines for Primary Schools Supporting Pupils with Special Educational Needs in Mainstream Schools. These guidelines reflect good practice in the education of pupils with special educational needs and are provided to assist schools in addressing the following questions: 1. Why is the allocation model changing? 2. What are the main features of the revised allocation model? Special Educational Needs is a practical guide for primary and secondary teachers of English working with students with SEN, divided into three clear sections. It offers teachers a general understanding of SEN, successful teaching approaches, and clear guidance for specific types of SEN. This book explains the needs of students with SEN and suggests practical classroom strategies to help you build your confidence in teaching them. Although this book is written for primary and secondary school teachers, it can be used by teachers in a wide variety of settings and across different age ranges. In fact, many activities can be used with adults with little or no adaptation. This is a book that should be on every teacher's bookshelf.” - English Teaching Professional.
