About This Book Word 2003 All-in-One Desk Reference For Dummies is a big book that’s actually made up of nine smaller books, each of which covers a specific aspect of using Word. You find minibooks on such topics as editing your documents, working with graphics, using Word to create Web pages, and customizing Word to make it work the way you want it to. Word 2003 All-in-One Desk Reference For Dummies doesn’t pretend to be a comprehensive reference for every detail of these topics. Instead, this book shows you how to get up and running fast so that you have more time to do the things you really want. Businesses understand the importance of remaining competitive. This book shows developers how to make the most of Office’s tools and technologies. All the innovations in Office 2003 are fully explained, employing the famous For Dummies approach: clear explanations, step-by-step examples, and lots of practical advice. Pinson Logistics sent me the book I ordered, Word 2003 for Dummies, and they also added to the order, without my approval, The Everyday Life Bible. I did not notice this unauthorized addition of this book when I checked out and I was billed an extra $22.67. Is this your protocol to add things to the order in hopes that they will not be noticed? I consider Office 2003 to be the best program that Microsoft ever produced and Doug Lowe has done a marvellous job in producing this comprehensive reference to Word 2003. Well presented, easy to read and, like all the "Dummies" books, a delight to use. Word 2003 All-in-One Desk Reference For Dummies, Mansf. Pre-Owned. C $6.71.Â  Word 2003 For Dummies: By Gookin, Dan.
