The summer Professional Learning Catalog of Sulphur Springs ISD Courses for May-August 2018 offers multiple learning opportunities. Course offerings provide a means of utilizing tools to be more successful in teaching and helping students maximize learning. Please note that if there are five or less participants registered one week prior to any course, the course instructor will have the option to cancel the course and participants will be notified.

The time and location of courses are marked in RED to make the selection of times and dates easier to locate.

A link is provided at the end of each course descriptor to allow users direct access to registration in Eduphoria Workshop.

Courses offered outside of school hours qualify as Exchange Time and will be labeled ET. For information on Exchange Time requirements, go to the For Staff menu on the SSISD website.

Courses that qualify for Gifted and Talented update credit will be labeled GT.

You can also browse workshops by going to the Eduphoria registration page.

### Book Studies

**Title:** Book Love: Developing Depth, Stamina, and Passion in Adolescent Readers  
**Author:** Penny Kittle  
**Instructor:** Lisa Robinson  
**Credit:** 6 SBEC, ET  
**Grades/Subject:** 6-12 ELAR  
**Dates:** June 18, 2018 – August 3, 2018

Discover practical strategies for creating a balance of independent reading, text study, and novel study in order to help students deepen their thinking through writing about reading. This book study will include an online discussion forum.

Books are available to check out from Lisa Robinson’s office, or can be purchased at amazon.com for as low as $24.73 at [https://www.amazon.com/Book-Love-Developing-Stamina-Adolescent/dp/0325042950/ref=sr_1_1?ie=UTF8&qid=1493048726&sr=8-1&keywords=book+love](https://www.amazon.com/Book-Love-Developing-Stamina-Adolescent/dp/0325042950/ref=sr_1_1?ie=UTF8&qid=1493048726&sr=8-1&keywords=book+love)

**Title:** The Next Step Forward in Guided Reading  
**Author:** Jan Richardson  
**Instructor:** Laci Ragan  
**Credit:** 12 SBEC, ET  
**Grades:** K-5 ELAR  
**Dates:** June 18, 2018- August 3, 2018

This book study will be a six-week study focusing on planning and instructional tools you need to teach guided reading in the classroom. The strategies you will learn during this study will help you with pre-A readers all the way to fluent readers. Each week there will be a discussion question posted. You are responsible to reply to the discussion by Thursday night at midnight, and then comment on a peer’s discussion by Sunday night at midnight. Discussion questions are a great way for communication, to share your amazing ideas you use in your own classroom, and to discuss what you learned from each chapter. During this six-week session you will be required to attend two face to face sessions. Face to Face sessions will be held on 7/10/18 and 8/2/18 Each session will last three hours, 8:30-11:30. This will be for us to share in depth what you learned from the book, how we will use it in our classroom, and to watch teachers model guided reading.

Books will be available for check out on each campus or you may purchase the book at this link: [https://www.amazon.com/Next-Forward-Guided-Reading-Assess-Decide-Guide/dp/1338161113/ref=sr_1_1?ie=UTF8&qid=1492798294&s=8-1&keywords=the+next+step+forward+in+guided+reading](https://www.amazon.com/Next-Forward-Guided-Reading-Assess-Decide-Guide/dp/1338161113/ref=sr_1_1?ie=UTF8&qid=1492798294&s=8-1&keywords=the+next+step+forward+in+guided+reading)

The one doing the talking is the one doing the learning, so let’s get the students talking! This book provides a framework for developing mathematically productive discussions that are rooted in student thinking. These 5 manageable practices have the power to put teachers in control of classroom discussions in which important mathematical ideas are brought to the surface, contradictions are exposed, and understandings are developed.

*Participants in this book study may check out a book from administration (10 available on a first come basis) or may purchase their own from Amazon for around $30. The reading schedule will be posted by June 15th. Once the study begins, 1-3 questions will be posted in the discussions tab of Eduphoria each week. Participants will be required to respond to all questions, as well as taking the time to read others’ responses and comment as needed. The book study will conclude with a face to face meeting from 8:30-3:30 on July 26th, 2018.

---

*Teachers will be receiving this book before school is out!*

There will be an overview presentation at Summer Learning Conference on June 7th, 8:30-11:30. The reading schedule for the book study will be posted by June 15. Beginning June 18, 1-3 questions will be posted in the discussions tab of Eduphoria each week. Participants will be required to respond to all questions, as well as taking the time to read others’ responses and comment as needed. At the conclusion of the study, participants will create a lesson plan following one of the workshop structures to be turned in by July 25th.

“Captivate your class. Create outrageously engaging lessons. Rediscover your passion for teaching. Teach like a pirate! Pirates are daring and adventurous. They sail into uncharted territories with no guarantee of success. They reject the status quo and refuse to conform to any society that stifles creativity and independence. They are entrepreneurs who take risks and are willing to travel to the ends of the earth for that which they value. Pirates don’t much care about public perception; they proudly fly their flags in defiance. And besides, everybody loves a pirate.”
