Unequal education resources contribute a big asset towards education. Not having resources at hand for students could be troublesome. The question is: Such as technology, books, tutors, teachers, normal size classes, etc. In most public schools, it is not surprising to know that such resources are lacking. Education is a social science that encompasses teaching and learning specific skills. Practicing teachers in the field of education use a variety of methods and materials in their instruction to impart a curriculum. There has been a plethora of literature in the field of education that addresses these areas. Such literature addresses the facets of teaching practices to include instructional strategies, behavior management, environmental control, motivational strategies, and technological resources.

Learning Objectives
16.1 Education around the World
- Identify differences in educational resources around the world
- Describe the concept of universal access
