Sep 13, 2009 Kellygirl rated it liked it Â review of another edition. I thought this book was helpful but I get a little frustrated with Dr.Sears at times. Every solution begins with "practice attachment parenting." I get it, and if I had to name a parenting philosophy that we follow, this would be the closest one.Â My husband and I both worked with this book from ages 1 to 10. I loved looking at the father and son photo on the cover. The child is looking at the world with his Dad right there with him. Children's fears. How to deal with them. Everyone is afraid of something and it does not depend on age. Fear is quite natural and predictable reaction to stimulus that our subconscious mind sees as a threat. But if we overcome our fears we can then kiddies, it's still pretty difficult.Â How to identify fear? It is best to talk with your child about what he's afraid to ask them to draw or write a story with you as the main character. If he starts to tell a scary story, it is better to give to get fancy in another direction â€“ ask the child to complete it positively and come up with a good ending, where the child comes out the winner. We all want our children to behave well, but the word “discipline” has connotations of corporal punishment and Victorian family values. In fact, discipline is a positive and integral part of your whole relationship with your child. It can’t be pulled out and isolated from the rest of your family’s life and does not need to be punitive; in fact, we would argue that it should never involve physical punishment. How to read this book depends upon your needs. If you are first-time parents with a new baby, this book is a recipe for discipline, a philosophy of child rearing, and for some even a guide for living. If you are already experiencing discipline problems, this is also a repair manual, a fix-it-yourself book. Parents, we want you to realize the rewards of investing in your child’s behaviour. Similar Readings A book has just been published to help parents to deal with their children's naughty behavior at home. The author, Dr James Bruno, says that the first positive discipline technique is for parents to remain calm because nervous parents don't get good results. Finally, the most effective way of encouraging good behavior is to give positive feedback as often as possible, to show that it is not only naughtiness that attracts attention. 1. According to the article, when parents get angry too often
We all want our children to behave well, but the word ‘discipline’ has connotations of corporal punishment and Victorian family values. In fact, discipline is a positive and integral part of your whole relationship with your child. It can’t be pulled out and isolated from the rest of your family’s life and does not need to be punitive; in fact, we would argue that it should never involve physical punishment. At one point we intended the title of this book to be Discipline for Life, because our purpose is to equip children with the tools they will need to succeed in life. Disciplining a child, especially a difficult child, brings out the best and the worst in parents. It challenges them to act like the adults they want their children to become. Thus, in disciplining your child, you discipline yourself. Helping a child to express feelings * the constructive use of anger * good nutrition for good behavior * sleep and nighttime discipline * sibling rivalry * spanking and alternatives to spanking * how to eliminate bothersome behaviors such as whining and talking back * how to respond when your child lies, cheats, or steals * discipline after divorce and in the single-parent household. Drawing on nearly thirty years of the Searses’ experience as childcare professionals and as the parents of eight children, The Discipline Book will make you confident in your ability to correct undesirable behavior. Children need age appropriate discipline. It is a simple fact of life and parenting. If you are at a loss for how to discipline your child, I hope to provide some helpful tips for what can work for your child. I have three kids and all three require different discipline approaches. No child is the same, nor will they respond to discipline the same as the next kid. They will develop a good sense of respect for authority figures when discipline is done correctly in the home with clear rules and consequences in place. This again means that it is not too harsh (i.e. screaming and yelling), does not involve abuse, and is never done when a parent is filled with anger or rage.
