Planet Flip Book Â· Inspired Elementary. Students love learning about space! Teaching the order of the planets from the sun is such a fun lesson, and students love making this Planet Flipbook. I created this flipbook as a hands-on way for students to learn the order of the planets, but also to pull in some fine motor skills practice. To begin Â· Planets genre: new releases and popular books, including Stella's Stellar Hair by Yesenia Moises, Pluto Gets the Call by Adam Rex, A Place for Pluto by S... Â· A planet is an astronomical object orbiting a star or stellar remnant that is massive enough to be rounded by its own gravity, is not massive enough to cause thermonuclear fusion, and has cleared its neighbouring region of planetesimals. The term planet is ancient, with ties to history, astrology, science, mythology, and religion. Book planet. q/bookplanet.
