She is editor of Sociology of Higher Education: Contributions and Their Contexts, also published by Johns Hopkins. Robert O. Berdahl is professor emeritus of higher education at the University of Maryland and author of British Universities and the State and Statewide Coordination of Higher Education. No customer reviews. 5 star (0%). Awesome book with great information would recommend to anyone interested in higher education! Read more. One person found this helpful. First published in 1999, American Higher Education in the Twenty-First Century offered a comprehensive introduction to the central issues facing American colleges and universities. This thoroughly revised edition brings the classic volume up to date. Placing higher education within its social and political contexts, the contributors discuss finance, federal and state governance, faculty, students, curriculum, and academic leadership. They also grapple with growing concerns about the future of the academy and reflect more deeply on the racial, ethnic, and socioeconomic diversity within higher education. No other book covers such wide-ranging issues under the broader theme of higher education's relationship to society.
