Materials Research Science and Engineering Centers (MRSECs) are university based research centers supported by the MRSEC Program of the Division of Materials Research at the National Science Foundation (NSF). The centers support interdisciplinary and multidisciplinary research of fundamental and technological importance and integrate research with education. MRSECs require outstanding research quality, intellectual breadth, support for research infrastructure, and education outreach. MRSECs facilitate The National Science Foundation's Materials Research Science and Engineering Centers Program: Looking Back, Moving Forward. MRSEC Impact Assessment Committee, Solid State Sciences Committee, National Research Council. 2.50 Mb. #5. Setting Priorities for Large Research Facility Projects Supported by the Nation Science Foundation. Committee on Setting Priorities for NSF-Sponsored Large Research Facility Projects, National Research Council. 6.97 Mb. #6. A general theory of fibre spaces with structure sheaf (National Science Foundation research project on geometry of function space : report). A Grothe The Materials Research Science and Engineering Centers (MRSEC) Impact Assessment Committee was convened by the National Research Council in response to an informal request from the National Science Foundation. Charged to examine the impact of the MRSEC program and to provide guidance for the future, the committee included experts from across materials research as well as s The Materials Research Science and Engineering Centers (MRSEC) Impact Assessment Committee was convened by the National Research Council in response to an informal request from the National Science Foundation. The overall context of the materials research science and engineering centers program. Assessment of research and facilities impact. Assessment of the impact of MRSEC education and outreach. Assessment of the impact of MRSEC collaboration with industry. The future of national science foundation material centers. Edition Notes. Includes bibliographical references. Also available in Open Book format via the National Academies Press home page. Other Titles. Looking back, moving forward, National Science Foundation's MRSEC program. Classifications. Library of Congress.
