In the United States, some 16 million jobs depend on the strength and continued success of American agriculture. Our farmers grow the safest and most abundant supply of food, fiber.

**Title III: Trade**

The United States maintains a significant trade surplus in agriculture, which is one of the few sectors where we export more than we import. The Agriculture Reform, Food and Jobs Act of 2013 continues that leadership with a focus on opening new markets and fighting trade barriers. U.S. contributions may not exceed one fourth of the total of funds contributed to the Trust from all sources.

Chairman Roberts, Ranking Member Stabenow, and Members of the Committee, thank you for the opportunity to testify about the reauthorization of the Commodity Futures Trading Commission (CFTC), and the state of derivative markets. I am the President and Chief Executive Officer of FIA. Today, I am honored in my current capacity to once again work with this Committee as you deliberate reauthorization and possible changes to the Commodity Exchange Act (CEA).

**Market Trends.**

In May 2019, CFTC Chairman Christopher Giancarlo testified before the Senate Appropriations The Committee on Agriculture, Nutrition, and Forestry is a committee of the United States Senate empowered with legislative oversight of all matters relating to the nation's agriculture industry, farming programs, forestry and logging, and legislation relating to nutrition, home economics, and rural development. The current Chair is Democrat Debbie Stabenow of Michigan, and the Ranking Member is Republican John Boozman of Arkansas. June 5, 1996.
